

## L-PUMPER

LPU-1 \$54.49

Removes debris from mouth of impellers without dis-assembling the pump.

- Just remove trap cover and basket
- Insert L-Pumper facing the impeller mouth.
- Pump handle up & down several times ending with an “up” stroke.
- Remove L-Pumper from trap.
- Rinse the L-Pumper starting with a “down” stroke to remove debris from the L-Pumper.

## The Un-Threader

UTH-001 \$60.23

- ◆ Back out a broken 1 1/2” PVC male adapter, or other threaded fitting.
- ◆ Made with reverse threads
- ◆ As it is turned into a broken fitting the stainless steel threads bite into the PVC and back out the fitting.

## 4.5” TONGUE AND GROOVE PLIERS

TGP-4.5 \$34.88

- ◆ A welcome addition to every pool tech's tool box
- ◆ Will become one of the most used tools in the box.
- ◆ Great for working in those tight places.
- ◆ Jaws adjust from 0 to 1/2 inch.
- ◆ Highest quality - manufactured by CHANNELLOCK Inc.

## RETURN FITTING ESCUTCHEONS

RFE-1.5W \$7.94

RFE-1.5B \$8.24

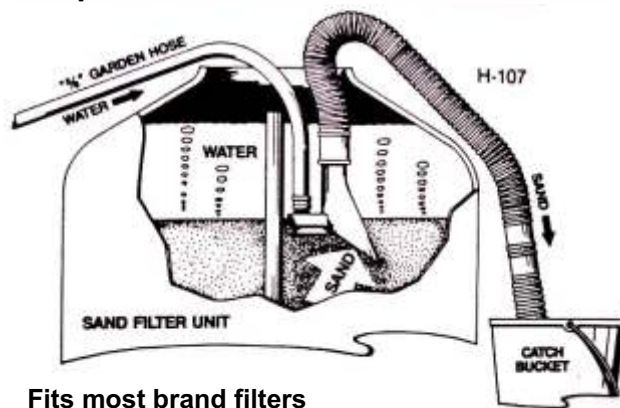

- ◆ Trims out standard 1 1/2” eyeball.
- ◆ Available in white or black.
