- ◆ Quickly pays for itself.
- ◆ Huge cost savings in repair versus replacement cost.

Great for cleaning:

- 1) Catch troughs on vanishing edge pools.
- 2) "Clumps" of leaves around main drain or in a corner.
- 3) The spa area of a Pool-Spa combo.
- 4) Acorns, stones, coins, etc.
- 5) Quick touch ups.

V.I.P. SPOT-VAK

VSV-1 \$18.76

This Thing is Amazing!

With its concentrated velocity of suction, the V.I.P. Spot-Vak captures all debris it comes in contact with. **NOTHING GETS AWAY.** Unlike conventional vac heads which disperse leaves, causing them to float away from the area being vacuumed, the V.I.P. Spot-Vak will not create clouds when removing algae, mud, DE powder, or sand. The innovative V-notch design on the nozzle prevents the V.I.P. Spot-Vak from sticking fast to the bottom of the pool.

Plumbing Level Kit

PLK-1 25.72

- ◆ Eliminate unsightly plumbing.
- ◆ Kit includes levels for 1 1/2" & 2" pipe, plus a bubble level for accurate 3 way valve installation.
- ◆ Levels stay in place while plumbing is being installed.
- ◆ Easily removed when the job is complete.
- ◆ Rugged, long lasting construction.

UNION WRENCH

UNW-1 \$18.24

The curved jaws on these unique adjustable pliers provide a gentle grip on unions and eyeball rings.
