

POLARIS WALL WRENCH

PWW-1 \$57.23

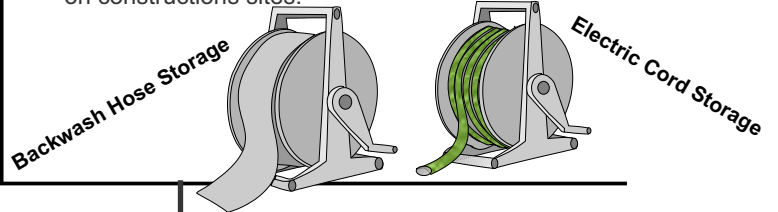

Finally a wrench for the Polaris wall fitting that really works!

- ◆ Reaches around the locking "stubs".
- ◆ Locks into the notches in the back.
- ◆ One piece aluminum construction.
- ◆ Nuralized handle for easy grip.

HOSE AND CORD REEL

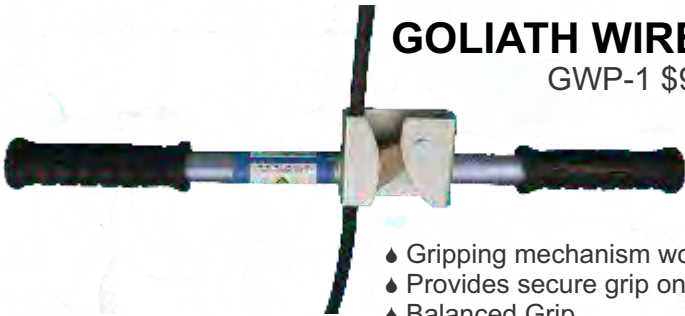

HCR-1 \$24.85

- ◆ Stores backwash hose and electric cords quickly, neatly, and safely.
- ◆ Reels and unreels full length in seconds.
- ◆ Rugged plastic construction.
- ◆ Stores up to 85 feet of either 1 1/2" or 2" backwash hose.
- ◆ Stores up to 100 feet of extension cord either single or double wrapped.
- ◆ Great for your service truck or for in-store operations, and even on constructions sites.

GOLIATH WIRE PULLER

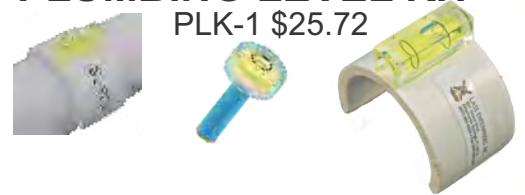

GWP-1 \$95.25

- ◆ Gripping mechanism won't damage wire
- ◆ Provides secure grip on wire
- ◆ Balanced Grip
- ◆ Quick Release

PLUMBING LEVEL KIT

PLK-1 \$25.72

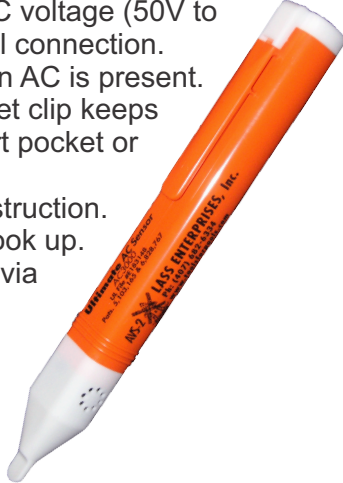

- ◆ Eliminate unsightly plumbing.
- ◆ Kit includes levels for 1 1/2" & 2" pipe, plus a bubble level for accurate 3 way valve installation.
- ◆ Levels stay in place while plumbing is being installed.
- ◆ Easily removed when the job is complete.
- ◆ Rugged, long lasting construction.

AC VOLTAGE SENSOR

AVS-2 \$32.07

- ◆ Battery Powered - Long lasting battery life from easily replaced, commonly available AAA batteries.
- ◆ Indicates the presence of AC voltage (50V to 1000V) without any electrical connection.
- ◆ Activates automatically when AC is present.
- ◆ Quick Access - Strong pocket clip keeps AVS-2 as handy as your shirt pocket or throw into tool box.
- ◆ Safe to use - All plastic construction.
- ◆ Easy to use - No leads to hook up.
- ◆ Self tests before every use, via static electricity flash.
- ◆ Batteries included.

The AVS-2 is simple to operate. Just hold the sensor tip on the spot to be tested. The indicator lights and stays lit if AC voltage is present. No light and no sound means no AC voltage.
